

Easter Sunday is April 4, 2010

Our Easter Journey begins Sunday, February 14
(the Sunday before Lent)

- › Beginning the Sunday before Lent, go through Healing Waters International's Significant Sacrifice devotional guide with weekly devotional readings, reflection questions, prayers, and songs.
- › During Lent, give up an item or activity to remember Christ's sacrifice and to show solidarity with those who suffer every day. Keep track of the monetary value of your sacrifice.
- › After Easter, donate the money you save through your sacrifice to help share the joy of Christ's resurrection. Healing Waters International will use your gifts to help give safe water to those who thirst.

About Healing Waters International

Healing Waters International is a Christian organization dedicated to partnering with local ministry partners in developing countries to provide safe drinking water to their communities.

Healing Waters provides micro-enterprise solutions that are financially and operationally sustainable. This model includes providing local jobs and reinvesting resources into communities. The focus of this ministry is on long-term transformation of people, churches, and their communities. By enabling safe water solutions, Healing Waters is able to affect three elements of transformation:

1. Physical transformation – Reducing and eliminating water-related disease and death through safe, affordable water access.
2. Social transformation – Providing health and hygiene education that changes behaviors and habits. The systems provide occupational opportunities and vocational training. System income is reinvested into communities.
3. Spiritual transformation – With the ability to meet a critical health and hygiene need, our church partners are able to engage and serve every segment of their communities. By consistently meeting this need, they are able to share their faith and extend the love and grace of Jesus Christ.

Healing Waters International is an ECFA-certified non-profit organization committed to the highest standards of accountability. To learn more, please visit our website: www.healingwatersintl.org or call 303-526-7278.
